

Making the Next Leap Forward

During the year, the world economy experienced a general downturn. Nevertheless, **robust growth** continued in the healthcare industry—
Sysmex's business domain.

Net sales and operating income reached **record levels**.
We also **raised dividends** for the seventh consecutive fiscal year.

In May 2009, we announced a new three-year mid-term management plan.
The plan targets **ongoing growth** and **further profitability increases**,
Reaching net sales of ¥140 billion and operating income of ¥18.5 billion and
Launching us to the **next stage of growth**.
