

Environmental Policy

By shaping the advancement of healthcare, our global environmental conservation activities contribute to the creation of a fulfilling and healthy society.

Core Behaviors

1. We deliver reassurance to all people by carrying out business activities in an environmentally conscious manner.
2. We promote environmental management in throughout the life cycles of products and services and the value chain of our business activities, so that we can contribute to climate change mitigation, sustainable resource use (waste reduction, recycle, water conservation), protection of biodiversity, and proper control of chemical substances.
3. We comply with all applicable national or regional environmental regulations, standards and agreements.
4. In order to improve environmental performance, we continually improve our environmental conservation activities and work diligently prevent pollution and minimize the impact our products and services have on the environment.
5. We contribute to society through environmental conservation activities as a member of the community, while educating and raising the environmental consciousness.
6. We establish environmental objectives consistent with this environmental policy, and measure our performance against them.
