

Substances Scheduled to be Prohibited(chemicals)

#	Regulation	Target parts	Prohibited substance name (English name)	CAS number	Threshold value (ppm)	Date of banning commencement
1	POPs Convention	All reagent products Reagent raw materials	Medium-chain chlorinated paraffins (with carbon numbers 14-17 and a chlorine content of 45% or more by weight)	-	No intentional addition	Scheduled for December 31, 2026 *It may be changed depending on regulatory situation.
2	POPs Convention	All reagent products Reagent raw materials	Long-chain perfluorocarboxylic acids (PFCAs) and their salts and related substances	-	No intentional addition	Scheduled for December 31, 2026 *It may be changed depending on regulatory situation.
3	POPs Convention	All reagent products Reagent raw materials	Octamethylcyclotetrasiloxane (D4)	556-67-2	No intentional addition	2026/6/6
4	REACH Annex X IV	All reagent products Reagent raw materials	Decamethylcyclopentasiloxane (D5)	541-02-6	No intentional addition	2026/6/6
5	REACH Annex X IV	All reagent products Reagent raw materials	Dodecamethylcyclohexasiloxane (D6)	540-97-6	No intentional addition	2026/6/6
