

*Report from the **SYSMEX SCIENTIFIC SEMINAR***

“The Sysmex Scientific Seminar 2001 in Malaysia”

“The Sysmex Scientific Seminar 2001 in Philippines”

“The 4th Sysmex Hematology Seminar in China 2001”

SYSMEX CORPORATION holds scientific seminars in ASIA every year. This year, 2001, the 1st Sysmex Scientific Seminar was held in Malaysia (Kuala Lumpur) and Philippines (Manila). In Malaysia, the seminar was held as one of the events of AAMLS (Asia Association of Medical Laboratory Scientists Congress). The 4th annual Sysmex Hematology Seminar was held at three cities in China.

At each seminar, academic themes were presented.

Our purpose at these seminars is to contribute to the advancement of medical technology and provide solutions to problems in the clinical laboratories.

All speakers gave excellent lectures with useful and current information. All seminars received good evaluations. In each seminar participants had so many questions that we went beyond the scheduled time.

Next year, our seminar in China will be the 5th anniversary, so we will have a special memorial seminar.

We gratefully acknowledge and thank all participants, speakers, chairpersons and all others involved in these seminars.

We strongly hope that these seminars will continue to be welcome and will be held in other Asian countries in the future.

Seminar in Dalian, China

The 4th Sysmex Hematology Seminar in China

Date and Places: 21st September, 2001, Guangzhou, China

22nd October, 2001, Dalian, China

25th October, 2001, Xian, China

Speakers:

<<Guangzhou Seminar>>

1. Future Trend in Laboratory Management

Mr. Yoshihiro Shimada (Kobe, Japan) - Business Development, Sysmex Corporation

2. Hematopoietic Stem Cell Transplantation Today

Dr. Wende Hong (Guangzhou, China) - First Affiliated Hospital, Sun Yat-Sen University of Medical Sciences

3. The Differential Diagnosis of Cytopenia

Dr. Rong sheng Li (Beijing, China) - Peking Union Medical College Hospital affiliated to Peking Union Medical College

4. TAT and PAP : Detection and Application

Dr. Hongli Wang (Shanghai, China) - Shanghai Institute of Hematology Ruijin Hospital, Shanghai Second Medical University

5. Advances of Acute Leukemia Classification

Dr. Yushu Hao (Tianjin, China) - Institute of the Hematology Chinese Academy of Medical Science and Peking Union Medical College

6. Evaluation of Urinary Erythrocytes in Clinic

Dr. Jiang Tang (Guangzhou, China) - The First Affiliated Hospital of Sun Yat-sen University of Medical Sciences

7. Quality Management of the Haematology Laboratory

Dr. S.M. Lewis (London, UK) - Hammersmith Hospital, Imperial College School of Medicine

8. Tests used for Diagnosis of Diabetes Mellitus

Dr. Jian Guo (Beijing, China) - National Center for Clinical Laboratory

9. Cardiac Troponin T and Evidence - based Medicine

Dr. Zhenhua Yang (Beijing, China) - National Centre for Clinical Laboratory

Seminar in Guangzhou

A scene of the tea break (in Guangzhou)

<<Dalian Seminar & Xian Seminar>>

1. Introduction of the Fully Automated Hematology Analyzer, Sysmex XE-2100

Mr. Akira Inagaki (Kobe, Japan) - Business Development, Sysmex Corporation

2. Introduction of Futuristic Laboratory Management

Dr. Noriyuki Tatsumi (Osaka, Japan) - Osaka City University Medical School

3. Introduction of Laboratory Information Exchange Standard

Mr. Wei Hu (Shanghai, China) - Sysmex Shanghai Ltd.

4. Peripheral Blood Stem Cell Transplantation (PBSCT)

Dr. Kaiyan Liu (Beijing, China) - Beijing University People's Hospital

5. The Differential Diagnosis of Cytopenia

Dr. Rong-sheng Li (Beijing, China) - Peking Union Medical College Hospital affiliated to Peking Union Medical College

6. TAT and PAP : Detection and Application

Dr. Hongli Wang (Shanghai, China) - Shanghai Institute of Hematology Ruijin Hospital, Shanghai Second Medical Univeristy

7. Urine Sediment Analysis

Dr. Keliang Gu (Jiangsu, China) - Zhenjiang Medical College

8. Tests used for Diagnosis of Diabetes Mellitus

Dr. Jian Guo (Beijing, China) - National Center for Clinical Laboratory

9. Cardiac Troponin T and Evidence - based Medicine

Dr. Zhenhua Yang (Beijing, China) - National Centre for Clinical Laboratory

10. Establish of Computer Management Network in Lab and Applied Experience

Dr. Yulong Cong (Beijing, China) - Cllinical Lab Department, Chinese PLA General Hospital

Seminar in Xian, China

A scene of the lunch time (in Xian, China)

The Sysmex Scientific Seminar 2001 in Malaysia

Date and Place: 3rd October, 2001, Kuala Lumpur, Malaysia

- Speakers:
- 1. Thrombophilia and Protein C and D-Dimer Testing on CA Instruments**
Ms. Ann Collins (Kobe, Japan) - International Marketing Division, Sysmex Corporation
 - 2. Laboratory Management and Automation in the New Millennium**
Dr. Pranav Sinha (Berlin, Germany) - Institute of Laboratory Medicine and Pathobiochemistry, Universitätsklinikum Charité
 - 3. Stem Cells Mobilization**
Dr. Ng Soo Chin (Selangor, Malaysia) - Subang Jaya Medical Centre
 - 4. New Parameters on Automated Hematology Analyzer and their Clinical Applications**
Dr. Wang Fu-Sheng (Illinois, USA) - Sysmex Corporation of America

The Sysmex Scientific Seminar 2001 in Philippines

Date and Place: 5th October, 2001, Manila, Philippines

- Speakers:
- 1. Thrombophilia and Protein C and D-Dimer Testing on CA Instruments**
Ms. Ann Collins (Kobe, Japan) - International Marketing Division, Sysmex Corporation
 - 2. New Parameters on Automated Hematology Analyzer and their Clinical Applications**
Dr. Wang Fu-Sheng (Illinois, USA) - Sysmex Corporation of America
 - 3. Clinical Laboratory Experience Comparing Automated Urine Flowcytometry System vs. Manual Microscopy Methods**
Dr. Jose Rizal R. dela Cruz (Philippines) - Clinical Microscopy Section, Institute of Pathology, SLMC
 - 4. HbA1c Quick Assay on the Automated Glycohemoglobin Analyzer, TOSOH HCL-723G7**
Mr. Yoshiyuki Shindo (Tokyo, Japan) - Scientific Instruments Division, TOSOH Corporation
 - 5. Laboratory Management and Automation in the New Millennium**
Dr. Pranav Sinha (Berlin, Germany) - Institute of Laboratory Medicine and Pathobiochemistry, Universitätsklinikum Charité
